Stenography

PROFILE

Software Engineering graduate with a strong foundation in frontend development using HTML5, CSS3, JavaScript (ES6), Bootstrap and React.js. Passionate about building responsive, user-friendly web applications and continuously improving technical skills. Seeking an entry-level Frontend Developer position to apply my skills, contribute to real-world projects, and grow professionally.

PROJECTS

Social Media App

July 2026 – July 2026

Built a responsive React social media app using Context API, useReducer, React Toastify, React Icons, and Local Storage with clean state management and interactive UI.

React Todo App

June 2026 – June 2026

Built a Todo application using Context API and useReducer for efficient state management and implemented component-based architecture.

Currency Converter Web App

May 2026 – May 2026

Build a currency converter web app using JavaScript (ES6) with API integration, API fetch, async/await, document object module, event-handling. Design clean responsive UI using HTML5 and CSS3.

Rock Paper Scissors Game

April 2026 – April 2026

Created an interactive sound effects Rock Paper Scissors Game with the help of JavaScript (ES6), HTML5 and CSS3.

Calculator Web Application

March 2026 – March 2026

Build a prototype calculator with on/off functionality using JavaScript (ES6), HTML5 and CSS3.

Tic Tac Toe Game

March 2026 – March 2026

Created an interactive Tic Tac Toe Game with custom players names using JavaScript (ES6), HTML5 and CSS3.
